Aims and objectives

- To develop practice policy and care based on a holistic approach to health
- To provide a wide range of high quality health services to serve the needs of our local population.
- To be accessible, equitable and responsive ensuring all patients are treated with dignity.
- To work as multi-disciplinary team with every member respecting each other and developing and working to their full potential.
- To provide preventative, anticipatory and pro-active health care and encourage self help.
- To seek to improve the health status of the local and practice population.
- To work actively with patient groups and develop links with the local community, statutory and voluntary bodies.
- To maximise the use of information technology to serve our goals.
- To be an innovative organisation involved in teaching, training and research.
- To be cost effective and ensure adequate resourcing to secure the longer term viability of services and the organisation.
- To provide a safe environment for all those who work at and use the centre.
- To create a culture of a learning organisation and to work on continually improving ourselves.
